AMFA Locals:

Normally, the National Secretary has the responsibility of oversight of elections and referenda conducted by AMFA National. Upon completion of the Willingness to Serve process for the 2016 AMFA National Officer Election, we find that the position of National Secretary/Treasurer position is contested; therefore, in the interest of complete impartiality, as a candidate for this position I recuse myself from this role in the 2016 National Officer Election.

Region II Director Mike Nelson, who is not running in this election, will assume the duty of oversight in the 2016 AMFA National Officer Election. If you have any questions or concerns regarding this election, please direct them to:
